## Description

The perfect partner, Hair Fibre Locking Spray is specially formulated to hold [Nanogen Hair Fibres](#) in place and provides impressive, long-lasting resistance to wind, rain and perspiration.

The tried and tested spray system has been carefully selected for its wide and gentle spray application so as not to dislodge your perfect fibre pattern when applying.

---

**WATER RESISTANCE:** Although our hair fibres have their own fantastic staying power, you can get a more confident hold in blustery outdoor conditions by using a few sprays of this ultra-strong Hair Fibre Locking Spray.

**UV FILTERS:** With translucent shine enhancers and UV filters, this hardworking spray even helps protect colour from sun damage and delivers an unrivalled natural-looking finish with every use.

- 
1. For a long-lasting hold, apply around 4 sprays from 10cm away.
  2. For a stronger hold, apply around 8 sprays from 5cm away.
  3. If your hair gets wet, allow it to dry then repeat application if necessary.
